**TEAMS WANTED.**

**FIFTY 4 AND 2 HORSE TEAMS TO HAUL**

TUESDAY, NOVEMBER 2, 1875.

This is Thanksgiving month. And the turkeys do not like it. But Grant and Governor Bradley don't care.

NEARLY all the papers are discussing the tightness of the money market. It is right, indeed; money is scarce, but will likely be scarcer after the drain is made on California, which inevitable will be, to rebuild Virginia City.

SENATOR JONES has made a suggestion that an assessment of two cents per share be levied upon all Comstock stocks, the amount to be put into the hands of the superintendents of the mines to be paid to worthy and needy miners during the coming winter.

THE excitement of the fire is over. Things are resuming their old quiet. The energy of the people are devoted to rebuilding, and Virginia's calamity is a thing of the past. As soon as provisions and money become plenty no more aid will be needed. Probably in ten days more the town will be all right.

THE time table of the Eureka and Palisade Railroad is as follows: Leave Eureka at 4 o'clock A. M., arriving at Palisade at 10 A. M. in time to connect with the western bound train on the C. P. Returning will leave Palisade at 4 P. M., arriving in Eureka at 10 P. M. The schedule time each way is six hours.

W. J. FORBES, editor of the *Measures for Measure* at Battle Mountain, was found dead in his bed Saturday morning. Deceased was 45 years of age, and a native of Ohio. He was an old pioneer of this coast, and has been connected during the past twenty-five years with most of the prominent journals in this State and in California. His remains have been taken to California for burial.

OUT of 130,000 persons committed to prison in England and Wales in 1867, only 4,137 could read and write. Our own statistics of crime show clearly that ignorance is our greatest enemy. To guard against it, our Free School System must become general throughout the land. No sectarian influences should be allowed to cripple its usefulness. It should be as impartial as it is free. The future of the Republic depends upon our Free Schools. To multiply and protect these nurseries of freedmen requires vigilance on the part of all intelligent citizens, irrespective of party.

THE entries in the great \$30,000 running race to come off at San Francisco next month are: Wildlile, Grinstead, Katie Pease, Springbok, Rutherford, Beronne, Jr., Fannie Hall, Hockhocking and Chance. The three last named runners are California horses. Revenue, Jr. is from Denver, and has some staunch backers among those who know something of his behavior on the course. Katie Pease is undoubtedly the favorite in turf circles, and some are confident enough to claim that she can distance the whole field in the first heat. The cooler judges, however, predict that the race will not be decided either on the first or second heats. The gold coin purse of \$30,000 is divided into four prizes—\$15,000 to the first; \$6,000 to the second; \$5,000 to the third, and \$4,000 to the fourth horse.

PEACE.—The American gunboat Rio Bravo has been for the past two weeks in service upon the Rio Grande, patrolling that border stream. As it is the general belief that the Mexican Government is quite anxious as we are to suppress the border ruffians upon that river, though not so able as the American Government is to spare the necessary force to accomplish it, it will be much obliged to Uncle Sam for undertaking this job at his own expense. There can be no necessity or fear of war between the neighboring republics where peace is so much desired, unless some new complication should arise. Everything looks auspicious for the future peace and prosperity of Mexico.

## ELECTIONS TO-DAY.

This will, according to the San Francisco *Chronicle*, be an important day in the history of the United States. Elections will be held in ten States, and the result of these elections will foreshadow the issue of next year's Presidential contest. The election in Pennsylvania is regarded with especial interest. The Democratic majority in that State last year was only 5,670. This year it seems to be now generally conceded that the Republicans will carry the State. If there should be a large Republican majority we shall be justified in accepting that result as a decisive endorsement of hard money and a repudiation of the rag-money heresy. If, on the other hand, there should be a close vote, as there was in Ohio, the inflationists will probably take heart of grace and make a determined effort to capture the Nation Democratic Convention next year. In New York we can see no reason for doubting that the Democrats will have things all their own way. If that State does not give a Democratic majority of at least 50,000, we shall be agreeably disappointed. In Massachusetts the prospect is not clear; but we look for a moderate Republican majority. Mississippi will most certainly return the Republican candidates, unless intimidation is resorted to for the purpose of preventing a full vote. In addition to the States named, there will be elections in Maryland, Kansas, New Jersey, Wisconsin, Virginia and Minnesota.

## IMPORTANT BANK FAILURE.

The failure of the National Gold Bank and Trust Co., of San Francisco is announced. This is one of the banks that was obliged to suspend temporarily during the Bank of California panic. It reopened and has continued business since. On Saturday last a "run" was inaugurated, but the Bank remained open till the usual hour, and the Cashier stated that the bank would be able to meet all demands on Monday as usual. But the Cashier was slightly mistaken. Another "run" yesterday closed it, and we fear that the stoppage is for good. We have heard it stated that most of the insurance companies deposited with this bank, and if such is the case there is no telling how much the sufferers by the Virginia fire may be out and injured. There is a screw loose somewhere.

## Mining Stock Business.

There are 167 mining stocks dealt in by the San Francisco Boards, as we learn from the carefully prepared tables in the October number of the *Statistician*. Of these only thirty-seven have paid dividends at any time, and only nine have paid dividends this year. The mines that have paid dividends have been assessed in the aggregate, \$19,892 47, and the aggregate of their dividends amounts to \$67,283,690. The mines that have never paid dividends have been assessed in the aggregate to the amount of \$194,140,867. As the aggregate dividends paid by the mines is \$67,283,690, and the aggregate assessment amounts to \$39,033,338, it will be seen that the mines have yielded a net profit to the people of \$29,250,361. The average valuation of the stock of all the mines according to sales made in August (there were no sales of consequence made in September) was \$102,054,100. The amount for that month amounted to about one-tenth of one per cent upon the selling value of the mines.

To determine the weight of live cattle, measure in inches the girth around the breast, just behind the shoulder blade, and the length of the back from the tail to the fore part of the shoulder blade. Multiply the girth by the length and divide by 144. If the girth is less than three feet, multiply the quotient by 11; if between three and five feet multiply by 16; if between five and seven feet by 25; or if between seven and nine feet by 31. If the animal is lean, deduct 1-20 of the result, and the answer is the weight in pounds. This multiplied by 0.605 gives the net weight.

It is said that a Missouri clergyman has left the pulpit and become a clown in a circus. He gives as a reason that "three square meals a day and \$60 a week are better than \$400 per annum, payable in dried apples, hay and old clothes." Perhaps there is a lesson for some churches in this item.

A Connecticut paper rudely says: "People are objecting to the sale of forty-rod whisky in Rhode Island, on the ground that it kills out of the State."

SHE was over heard to say to him: "Our parlor stove is up now; do call and see what a little spark it takes to kindle a great flame."

## DAVIS BROS. PATENT

## COMBINATION SPRING PLATFORM.

For the State of Nevada.

The Best Carrying, Easiest Hiding and

Most Durable Wagon in Use.

The best carrying because of perfect Springs, and bearings at proper points to give the greatest strength.

Easiest riding. A Wagon carrying 1500 lbs. rides as easy for one man as the best Phaeton.

Most durable, because the combination of the Springs is such as to give perfect elasticity to the gear, thereby entirely obviating the sharp side motion and consequent strain on the wheels and other parts of the Wagon, allowing the Wagon to pass over all irregularities of the road without jarring or shaking the box, or jolting, or inconveniencing to those riding. The binding of the circle, a necessity with all other Platform Wagons, is entirely obviated, allowing the Wagon to follow the road without crowding the team from side to side.

Our Wagons are manufactured from choice material, by the best mechanics, thoroughly painted, with the finish and trim and warranted.

If you want a Family Wagon, a Builder's Wagon, Market wagon, or a Wagon for any of the purposes for which the Platform or Democrat Wagon is generally used, see and try these Wagons and you will use no other.

Gold in New York yesterday.....114 1/2

**QUICKSILVER.**—The announcement heretofore made through the columns of this paper that an important discovery of cinnabar croppings had been discovered about four miles from Reno was freely commented on by the presses of this State and California. We have much better news to furnish them now. The ledge has been struck, and so far as developed gives evidence of permanency and wealth. On Sunday morning, the veteran prospector and discoverer of the deposit, came rushing into Reno with a pan full of the ore. It was examined critically by several mining experts, who pronounced it the finest they had ever seen. And all day long there was nothing but "quicksilver" in Reno. There can be no doubt about the matter. Washoe county has unearthed the first cinnabar ledge in Nevada! And in a few days we shall tell the world all about it.

**ROLL OF HONOR.**—The following is the roll of honor of the Grammar School for the two months ending Oct. 22, 1875. The list embraces those who have reached a standing of 100 per cent. and over in scholarship and deportment: Josie Wintermantle 100; Flora Cross 100; Mollie Grappen 99; Flora Northup 99; Martha Higgins, 95; Mary Marsh 95; Lonisa Hogle 97; Ruth Stiner 97; Rose Wilcox 97; Tillie Harwood 96; Elvie Lachman 95; Mary J. Taylor 93; Rebecca Fredrick 94; Henrietta Rusack 94; Gessie Lippman 96; Eva Selby 93; Hattie Lewis 94; Nellie Larcomb 94; Emma Gibbs 92; Leah Fredrick 90; Mary Ordway 92; Katie Miller 90; Elma Bishop 93.

With the compliments of Bradley & Rulofson, the celebrated gold medal photographers, we have received a cabinet-sized photograph of the Palace Hotel, San Francisco, to which is attached a full description, by Prof. Knowlton, of this stately structure. The Grand Hotel, the Hibernia Bank and the new six-story building designed for Bradley & Rulofson's art gallery are shown in the picture, and in contrast with these, themselves large buildings, the immense proportions of the Palace can well be realized.

We think those who were around "collecting" yesterday found money a little scarce.

Work on the Prison goes bravely on. The contractor is pushing the work as fast as possible. It will be an imposing structure some day.—*Reno Journal.*

Yes, if it don't fall down. A correspondent wrote us recently that the new prison is the finest piece of shoddy that has ever been thrown together in the State. The Prison Commissioners, while they have their hands in, should go to Reno and "investigate" the walls of the new building.—*Eureka Sentinel.*

An Indian who was at Franktown at the time of the fire in Virginia, says that he saw the flames rise above Mount Davidson "in the shape of an auger." He at once started for the city in a direct line across the mountains, and when he reached the summit of Virginia range saw the fire taking hold of the spire of the Catholic Church.

The Washoe farmers living at the other end of the valley shipped loads of produce from Carson by the V. & T. R. R. as contributions for the Virginia sufferers. Among the names of the donors are Messrs. Gatewood, Musgrove, Lower, Fry, Gray, Foss and Simons. The principal things donated are potatoes, cabbage and beef.

**THE AUBURN MILL.**—A car load of ore has arrived for the Auburn mill, which leads us to believe that Mr. James Morgan, the lessee, will soon be here to start her up. "Watty" has been cleaning the mill up and getting everything in readiness so that when Mr. Morgan does arrive there will be no delay.

**GOOD.**—Sunday evening last the congregation assembled in the M. E. Church, subscribed \$50 to assist the church of the same denomination in Virginia City, who have had the misfortune of being burned out twice—once before the great conflagration. The token will be very acceptable to the Virginia people.

**NOTICES.**—When a birth; death or marriage occurs in Washoe county, we will cheerfully and without charge publish a notice thereof when it is brought to this office and properly authenticated; but we cannot be expected to keep track of and publish such events without such notification.

**FIRE ORGANIZATION.**—The Committee were around yesterday soliciting subscription for the purchase of an engine and hook and ladder apparatus. They met with very good success, and to-night the meeting of citizens will determine just what we can and will do.

**RETURN THANKS.**—The following telegram has been received here from R. V. Dey, Sec'y of the Virginia Relief Committee. It was addressed to B. F. Leete: "The thanks of the citizens of Virginia and of the Relief Committee are extended to the citizens of Reno, and yourself, for donations."

**BANK FAILURE.**—News was received here yesterday of the failure of the National Gold Bank and Trust Co. of San Francisco. We hope none of Reno folks had any money deposited there.

**DANCE.**—The social dance of the "Home Circle" will come off at Dyer's Hall on Thursday evening. We haven't had a dance for a long time; ergo, a large crowd will put in an appearance.

**THANKS.**—We return our thanks to Phillips and Coffin, of the A. & P. telegraph office, for favors rendered the Journal office at sundry and divers times. They are both very accommodating young men.

If you want to learn how to sing you can do no better than to join Mrs. Chapin's class, which will be formed at the M. E. Church to-night. Be on hand at 7 o'clock and join it.

**SNOWING.**—It was snowing on the mountains yesterday, so much so as to interfere with the telegraph. The Storm King has started on the war path.

**RECEIPTS.**—The total receipts for ticket sales for the month of October by the C. P. R. R. at Reno is \$18,470 50, and not \$12,432 75 as stated in our last issue.

**EPIZOOTIC.**—It has reached Reno. All of our lively stable horses have it, and have been turned out. The disease is in a mild type, and is not thought to be dangerous.

The Board of Commissioners meet on the 20th. They selected that day instead of the first Monday, their usual time, for various reasons.

The Trustees of the Carr Tunnel Mining Co., have postponed the sale of the delinquent stock until the 9th.

ONE of the hermetically sealed bottles in wooden cases, thrown overboard during Prince Napoleon's polar voyage in 1860, has recently been found at the mouth of the Seine, near Havre. One such bottle was thrown out daily during the month of June, while the expedition was within the Arctic circle, and none of them have been seen since, until the one above mentioned was washed ashore, after a voyage of fifteen years and many thousands of miles.

**FARE** on the E. & P. R. R. between Eureka and Palisade is \$8, and the charges for freight from Palisade to Eureka is \$18 per ton. The charges both for fares and freights, are considerably lower than the rates established by the statutes.

Sidney Smith averred that old friendships are often destroyed by roasted cheese, and that hard salted meat has led to suicide.

## WHERE IS HE?

Two weeks ago last Tuesday Antone Muegg left Mackey & Fair mill and came to Reno. He had at the time a team of valuable horses, a saddle horse and about \$500 in money. On the following Thursday he sent a teamster with the team to Truckee, intending to follow shortly after himself to work on a contract. He left soon after on his saddle horse. Since then he has not been heard from and fears of foul play are entertained. He is a sober, hard-working, honest man and so it is not likely that he got drunk or gambled. If any one knows his whereabouts they will confer a favor by notifying H. H. Beck, of Franktown. oc29-1w

**JOHN SUNDERLAND STILL AHEAD.**—John Sunderland has just returned from San Francisco with the largest and best selected stock of boots and shoes ever brought to Reno. He has goods to suit all prices and all people. He has a fine assortment of children's school shoes, which give more satisfaction than any shoe ever brought to this town. He is selling boots and shoes at panic prices. Call at his store and examine for yourself. He has also on hand and for sale, a fine assortment of shoemaker's findings, which he offers to the trade at a small advance over San Francisco prices.

**REMOVED.**—The Misses Vance are now located on Virginia street, next door to the photograph gallery. They will receive at their dressmaking establishment and make to order in the latest styles, all kinds of plain and fancy sewing.

**TOWN LOTS FOR SALE.**—Any person wanting town lots in an eligible location will find it to their advantage to call on C. A. Richardson.

**FOR SALE.**—Nels. Hammond has a house for sale. Inquire of him for particulars.

**NOTICE.**—Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. St Lee & Co.

**FOR RENT.**—A parlor and bedroom to rent. In a good location. Apply to F. M. Payne.

A good business house for sale. Enquire at this office.

## IN THE SECOND JUDICIAL DISTRICT

Court in and for the County of Washoe,

estate of F. A. PARKER, deceased. The petition of  
A. C. ELLIS, Administrator, in said estate, having

therefrom, that it is necessary to sell the real  
estate belonging to said estate for the purpose of

TUESDAY, NOVEMBER 2, 1875.

This is Thanksgiving month. And the turkeys do not like it. But Grant and Governor Bradley don't care.

NEARLY all the papers are discussing the tightness of the money market. It is right, indeed; money is scarce, but will likely be scarcer after the drain is made on California, which inevitable will be, to rebuild Virginia City.

SENATOR JONES has made a suggestion that an assessment of two cents per share be levied upon all Comstock stocks, the amount to be put into the hands of the superintendents of the mines to be paid to worthy and needy miners during the coming winter.

THE excitement of the fire is over. Things are resuming their old quiet. The energy of the people are devoted to rebuilding, and Virginia's calamity is a thing of the past. As soon as provisions and money become plenty no more aid will be needed. Probably in ten days more the town will be all right.

THE time table of the Eureka and Palisade Railroad is as follows: Leave Eureka at 4 o'clock A. M., arriving at Palisade at 10 A. M. in time to connect with the western bound train on the C. P. Returning will leave Palisade at 4 P. M., arriving in Eureka at 10 P. M. The schedule time each way is six hours.

W. J. FORBES, editor of the *Measures for Measure* at Battle Mountain, was found dead in his bed Saturday morning. Deceased was 45 years of age, and a native of Ohio. He was an old pioneer of this coast, and has been connected during the past twenty-five years with most of the prominent journals in this State and in California. His remains have been taken to California for burial.

OUT of 130,000 persons committed to prison in England and Wales in 1867, only 4,137 could read and write. Our own statistics of crime show clearly that ignorance is our greatest enemy. To guard against it, our Free School System must become general throughout the land. No sectarian influences should be allowed to cripple its usefulness. It should be as impartial as it is free. The future of the Republic depends upon our Free Schools. To multiply and protect these nurseries of freedmen requires vigilance on the part of all intelligent citizens, irrespective of party.

THE entries in the great \$30,000 running race to come off at San Francisco next month are: Wildlile, Grinstead, Katie Pease, Springbok, Rutherford, Beronne, Jr., Fannie Hall, Hockhocking and Chance. The three last named runners are California horses. Revenue, Jr. is from Denver, and has some staunch backers among those who know something of his behavior on the course. Katie Pease is undoubtedly the favorite in turf circles, and some are confident enough to claim that she can distance the whole field in the first heat. The cooler judges, however, predict that the race will not be decided either on the first or second heats. The gold coin purse of \$30,000 is divided into four prizes—\$15,000 to the first; \$6,000 to the second; \$5,000 to the third, and \$4,000 to the fourth horse.

PEACE.—The American gunboat Rio Bravo has been for the past two weeks in service upon the Rio Grande, patrolling that border stream. As it is the general belief that the Mexican Government is quite anxious as we are to suppress the border ruffians upon that river, though not so able as the American Government is to spare the necessary force to accomplish it, it will be much obliged to Uncle Sam for undertaking this job at his own expense. There can be no necessity or fear of war between the neighboring republics where peace is so much desired, unless some new complication should arise. Everything looks auspicious for the future peace and prosperity of Mexico.

## ELECTIONS TO-DAY.

This will, according to the San Francisco *Chronicle*, be an important day in the history of the United States. Elections will be held in ten States, and the result of these elections will foreshadow the issue of next year's Presidential contest. The election in Pennsylvania is regarded with especial interest. The Democratic majority in that State last year was only 5,670. This year it seems to be now generally conceded that the Republicans will carry the State. If there should be a large Republican majority we shall be justified in accepting that result as a decisive endorsement of hard money and a repudiation of the rag-money heresy. If, on the other hand, there should be a close vote, as there was in Ohio, the inflationists will probably take heart of grace and make a determined effort to capture the Nation Democratic Convention next year. In New York we can see no reason for doubting that the Democrats will have things all their own way. If that State does not give a Democratic majority of at least 50,000, we shall be agreeably disappointed. In Massachusetts the prospect is not clear; but we look for a moderate Republican majority. Mississippi will most certainly return the Republican candidates, unless intimidation is resorted to for the purpose of preventing a full vote. In addition to the States named, there will be elections in Maryland, Kansas, New Jersey, Wisconsin, Virginia and Minnesota.

## IMPORTANT BANK FAILURE.

The failure of the National Gold Bank and Trust Co., of San Francisco is announced. This is one of the banks that was obliged to suspend temporarily during the Bank of California panic. It reopened and has continued business since. On Saturday last a "run" was inaugurated, but the Bank remained open till the usual hour, and the Cashier stated that the bank would be able to meet all demands on Monday as usual. But the Cashier was slightly mistaken. Another "run" yesterday closed it, and we fear that the stoppage is for good. We have heard it stated that most of the insurance companies deposited with this bank, and if such is the case there is no telling how much the sufferers by the Virginia fire may be out and injured. There is a screw loose somewhere.

## Mining Stock Business.

There are 167 mining stocks dealt in by the San Francisco Boards, as we learn from the carefully prepared tables in the October number of the *Statistician*. Of these only thirty-seven have paid dividends at any time, and only nine have paid dividends this year. The mines that have paid dividends have been assessed in the aggregate, \$19,892 47, and the aggregate of their dividends amounts to \$67,283,690. The mines that have never paid dividends have been assessed in the aggregate to the amount of \$194,140,867. As the aggregate dividends paid by the mines is \$67,283,690, and the aggregate assessment amounts to \$39,033,338, it will be seen that the mines have yielded a net profit to the people of \$29,250,361. The average valuation of the stock of all the mines according to sales made in August (there were no sales of consequence made in September) was \$102,054,100. The amount for that month amounted to about one-tenth of one per cent upon the selling value of the mines.

To determine the weight of live cattle, measure in inches the girth around the breast, just behind the shoulder blade, and the length of the back from the tail to the fore part of the shoulder blade. Multiply the girth by the length and divide by 144. If the girth is less than three feet, multiply the quotient by 11; if between three and five feet multiply by 16; if between five and seven feet by 25; or if between seven and nine feet by 31. If the animal is lean, deduct 1-20 of the result, and the answer is the weight in pounds. This multiplied by 0.605 gives the net weight.

It is said that a Missouri clergyman has left the pulpit and become a clown in a circus. He gives as a reason that "three square meals a day and \$60 a week are better than \$400 per annum, payable in dried apples, hay and old clothes." Perhaps there is a lesson for some churches in this item.

A Connecticut paper rudely says: "People are objecting to the sale of forty-rod whisky in Rhode Island, on the ground that it kills out of the State."

SHE was over heard to say to him: "Our parlor stove is up now; do call and see what a little spark it takes to kindle a great flame."

Sole Agents for the Celebrated

## DAVIS BROS. PATENT

COMBINATION SPRING PLATFORM.

For the State of Nevada.

The Best Carrying, Easiest Riding and

Most Durable Wagon in Use.

The best carrying because of perfect Springs,

and bearings at proper points to give the greatest

strength.

Easiest riding. A Wagon carrying 1500 lbs.

rides as easy for one man as the best Phaeton.

Most durable, because the combination of the

Springs is such as to give perfect elasticity to

the seat, thereby entirely obviating the sharp

side motion and consequent strain on the

Wheels and other parts of the Wagon, allowing

the Wagon to pass over all irregularities of the

road without jarring or shaking the box, or

jarring, or inconveniencing to those riding.

The binding of the circle, a necessity with all other

Platform Wagons, is entirely obviated, allowing

the Wagon to follow the road without crowding

the seat from side to side.

Our Wagons are manufactured from choice

material, by the best mechanics, thoroughly

painted, with the finish and trim, and warranted.

If you want a Family Wagon, a Builder's

Wagon, Market wagon, or a Wagon for any of the

purposes for which the Platform or Democrat

Wagon is generally used, see and try these

Wagons and you will use no other.
